

This is where your story gets good.

## Oaks Fellowship Brand Story

**im•pos•si•ble** *adj*: very difficult to deal with and apparently without a solution

The world is a rough place with many problems that seem to have no solution:  
a broken education system,  
a lack of true leadership in our communities,  
a younger generation that needs to be shaped into complete individuals,  
a need for people to connect with God.

But your life is perfect the way it is...right? Of course not. Maybe you've inherited a situation that looks hopeless or destined to fail. Maybe you've never imagined a better life or a better world.  
We understand. We used to think like that too.  
Many people lose heart and accept the world and their life the way it is.

But have you ever experienced a moment that changes that?...something that says: "It doesn't have to be this way."  
Yeah, so have we. These moments give us faith...and our faith drives us.

God always has something unbelievable up His sleeve. The unexpected. Just what is needed right when it's needed.  
That's why we turn to Him when we face problems that seem impossible.

"God can do anything, you know—far more than you could ever **imagine** or guess or request in your wildest **dreams!** He does it not by pushing us around but by **working within us**, his Spirit **deeply** and **gently** within us."  
(MSG) Eph 3:20-21

At the Oaks, we believe that God has called us to work in the world of the impossible.  
Through listening to His voice and staying connected to His Spirit, dreams become reality.

We develop the whole person, shaping leaders that emerge to use their abilities to change the world now.

Join us as we look for multiple opportunities in the people and communities that surround us and get ready to watch God change things for the better. He's good like that.

And we're not satisfied with just changing things today...it's about the future. But it's impossible to create the future, right? Wrong. Let's create the future together as we pour time, effort, and resources into the next generation, helping them become relentless followers of Christ. That's creating a better future both for them and for every person they touch throughout their lives.

Let's also pursue moments that change us forever. When the power of God intersects with a human heart through worship or teaching or serving or giving—with an unbelievable effect. Innovation, leadership, healing, joy, courage, and hope flow from moments that are unexplainable and undeniable.

Find it all hard to believe?

We never would have thought any of this was possible either until we saw God work within us to make it happen.

Impossible? That's where we live.

**Oaks Fellowship**

*Experience the Impossible*
